SUBJECT INDEX FOR VOLUME 20

Abdomen
  abscess of, 237
  dynamic radiology of, 179
  gallstones and discomfort in, 182
Achalasia
  botulinum toxin injection for, 189
  dilation using selective fluoroscopy for, 184
  family occurrence of, 329
  iatrogenic, 96
  reflux in untreated, 6
Acid secretion, during indomethacin therapy, 131
Activity index, in Crohn's disease, 27
Adenocarcinoma
  with hepatic cysticercosis, 160
  metachronous small-bowel, 233
Adenoma, colonic, 317
Alcohol use
  abstinence from in chronic pancreatitis, 37
  in chronic pancreatitis, 4, 33
  as risk factor for hepatocellular carcinoma, 220
Aminosalicylates, for ulcerative colitis and Crohn's disease, 117
5-Aminosalicylic acid
  effectiveness in Crohn's disease, 203
  for ulcerative colitis remission, 257
Amiodarone, hepatic failure due to, 265
Angiomyolipoma, multiple liver, 248
Antibiotics, for Crohn's disease, 310
Antiendomyosium antibody, diagnostic accuracy of, 17
Antigliadin antibody, diagnostic accuracy of, 17
Antijejunum antibody, diagnostic accuracy of, 17
Antimetabolites, for ulcerative colitis and Crohn's disease, 117
Antimitochondrial antibody, biliary cirrhosis and, 268
Antineutrophil cytoplasmic antibody, in inflammatory bowel disease, 82
Anus, surgery of, 179
Arterial occlusion, mesenteric ischemia after PTA of, 86
Aspirin, gastric outlet obstruction and, 196
Auscultation, in enteral tube placement, 293
Autoimmune cholangitis, antimitochondrial antibody and, 268

Balloon dilation, in functional gastric outlet obstruction (letter), 178
Biliary cirrhosis, Sjogren's syndrome with, 268
Biliarybronchial fistula, 49
Biliobronchial fistula, 49
Biliptysis, 49
Biloma, intrahepatic, 84
Biopsy
  materials for in GI tumor detection, 272
  strip, 77, 168
Bone marrow transplantation, Ogilvie's syndrome and, 157
Book reviews
  Dynamic radiology of the abdomen, 179
  Surgery of the anus, rectum and colon, 179
Botulinum toxin
  A, percutaneous celiac plexus block with, 343
  endoscopic intrasphincteric injection of, 189
Bougienage, dilation using selective fluoroscopy for, 184
Bowel function, exercise and, 211
Bradycardia, with IV vasopressin therapy, 266
Bronchitis, bile, 49
Bronchobiliary fistula, 49

Campylobacter jejuni, multiple liver abscesses with, 307
Candidiasis, in esophageal obstruction, 330
Carcinoid, immunohistochemical and ultrastructural study of, 321
Carcinoma
  esophageal and stomach, lymph node metastasis of, 325
  gastric, Epstein–Barr virus–associated, 253
  hepatocellular, 220, 248, 300
  metastatic papillary, 333
Celiac sprue
  immunological markers of, 17
  liver abnormalities with, 290
  macroamylasemia and, 304
  metachronous small-bowel adenocarcinoma in, 233
  response to pneumococcal vaccine in, 113
  unusual presentation of, 341
China, Helicobacter pylori infection and gastric metaplasia in, 110
Cholangiopancreatography, endoscopic retrograde, for cholesterol bile duct stones, 296
Cholangitis
  autoimmune, 268
  primary sclerosing, serum lipid and fat-soluble vitamin levels in, 215
  suppurative, 139
Cholecystitis, acalculous complicated by empyema, 344
Choledochal cyst, mimicking pancreatic pseudocyst, 139
Cholestasis, with disseminated cryptococcosis, 57
Cholesterol bile duct stones, 296
Cirrhosis
  antimitochondrial antibody-negative biliary, 268
  with disseminated cryptococcosis, 57
  nizatidine and, 164
  nonalcoholic steatohepatitis and, 127
Clinical trials, for ulcerative and Crohn's colitis treatment, 280
Colitis, ulcerative. *See* Ulcerative colitis
Colon
  neoplasms of, 317
  obstruction of vegetable phytobezoar, 176
  polyps or varices of, 341
  surgery of, 179
  transit time in soccer players, 211
Colonoscopy, for small polyps, 317
Common bile duct
  gastrinoma of, 321
  primary malignant lymphoma of, 259
  stones of, 296
Constipation, in elderly, 61
Corticosteroids, for ulcerative colitis and Crohn's disease, 117
Crohn's disease
  5-aminosalicylic acid effectiveness in, 203
  antibiotics for, 310
  current medical therapy for, 280
  death from, 22
  Disease Activity Index of, 27
  hidradenitis suppurativa in, 151
  maintenance therapy in, 117

posttraumatic ileal stenosis mimicking, 338
relapse and remission rates of, 203
serum interleukin-6 in, 123
steroid-refractory attacks of, 207
Cryptococcosis, hepatic involvement with, 57
Cyclosporine, intravenous
for Crohn's disease attacks, 207
efficacy of, 285
Cystadenoma, pancreatic, 94
Cystic neoplasm
obstructive jaundice with, 136
pancreatic, 142
Cysticercosis, hepatic, 160
Cysts, pancreatic, 94

Diabetic neuropathy, gastroparesis diabeticorum with, 79
Dilation
balloon (letter), 178
esophageal, 184
Dobbhoff enteral feeding tube, placement of, 293
Drugs
efficacy of in ulcerative and Crohn's colitis therapy, 280
hepatic reaction to, 244
Duodenal carcinoid, strip biopsy of, 168
Duodenal ulcer
H. pylori eradication in, 12
incidence and risk factors of, 104
patterns of in arctic Norway, 100
seasonal changes in, 277
Duodenitis, *Helicobacter pylori* infection and gastric metaplasia and, 110
Duodenum
Helicobacter pylori infection and gastric metaplasia in, 110
in Waldenström's macroglobulinemia, 174
Dyspepsia, gallstones in, 182
Dysphagia, with esophageal lichen planus, 145

Ecstasy, in hepatic fibrosis, 244
Elderly, constipation and incontinence in, 61
Electron microscopy, of common bile duct gastrinoma, 321
Empyema, acalculous cholecystitis complicated by, 344
Endoscopy
in achalasia treatment, 189
in gastritis diagnosis, 92
in gastrointestinal tuberculosis diagnosis, 225
ultrasonographic, in esophageal submucosal tumor removal, 77
Enema, hot-water, 80
Enteral tube placement, aspirate pH and, 293
Enzymes, liver, 290
Epidemiology, peptic ulcer, 100
Epstein–Barr virus, gastric carcinoma with, 253
Esophageal stricture
dilation using selective fluoroscopy for, 184
with esophageal lichen planus, 145
mediastinal fibrosis in, 331
Esophagitis, pantoprazole vs. ranitidine for, 192
Esophagus
candidal overgrowth of, 330
dilation using fluoroscopy, 184
lichen planus of, 145
lymph node metastasis of early stage carcinoma of, 325
metastatic papillary carcinoma of thyroid to, 333
motility of and gastroesophageal reflux, 6
submucosal tumor, endoscopic ultrasonography in strip biopsy removal of, 77

European Duodenal Club, XXth Meeting of, 173
Exercise, bowel function and, 211
Exocrine pancreatic function, drinking habits and, 33

Fluoroscopy, in esophageal dilation, 184
Foley replacement gastrostomy tubes, external retention device for, 337
Fulminant hepatic failure, nortriptyline-induced, 54

Gallbladder
perforation of, 84
tuberculosis of with perforation and intrahepatic biloma, 84
Gallstones
cholesterol bile duct stones and, 296
upper abdominal discomfort and, 182
Gastrectomy, for gastroduodenal ulcer, 2
Gastric acid
in duodenal ulcer, 104
indomethacin therapy and secretion of, 131
Gastric aspirate, with enteral tube feeding, 293
Gastric carcinoma, Epstein–Barr virus–associated, 253
Gastric emptying, impaired following revision gastrostomy, 252
Gastric lymphoma, gastrocolic fistula with, 45
Gastric metaplasia, *Helicobacter pylori* infection and, 110
Gastric outlet obstruction
balloon dilation in (letter), 178
NSAIDs associated with, 196
Gastric pH, with enteral tube feeding, 293
Gastric stump, lymphoma of, 147
Gastric ulcer
patterns of in arctic Norway, 100
seasonal changes in, 277
Gastrinoma, common bile duct, 321
Gastritis
endoscopic diagnosis of, 92
Helicobacter pylori-associated, 199, 335
Gastrocolic fistula, with primary gastric lymphoma, 45
Gastroduodenal ulcer, vagotomy and gastrectomy for, 2
Gastroesophageal reflux
pantoprazole vs. ranitidine for, 192
in untreated achalasia, 6
Gastrointestinal tract
seasonal changes in bleeding of, 277
tuberculosis of, protean manifestation of, 225
tumor, biopsy materials to detect mutations in, 272
Gastroparesis diabeticorum, intragastric fermentation in, 79
Gastroscopy, for peptic ulcer, 100
Gastrostomy
external retention device for tubes of, 337
impaired gastric emptying after, 252
Gluten restriction, in celiac sprue, 304
Granuloma, antibiotics for, 310

H_2 receptor antagonists
for reflux esophagitis, 192
in subfulminant hepatic failure, 164
Hamartoma, 248
Health index, in Crohn's disease, 27
Helicobacter pylori
in chronic gastritis, 335
in duodenal ulcer, 104
and gastric metaplasia in duodenum, 110
in gastroduodenal ulcer, 2
recognizing in gastritis, 199

triple therapy eradication of, 12
Hemorrhage, with hookworm infection, 348
Hemorrhagic gastritis, seasonal changes in, 277
Hepatic cyst, misleading radiological presentation of, 347
Hepatic cysticercosis, unusual case of, 160
Hepatic failure
fatal, due to prolonged amiodarone treatment, 265
nizatidine-induced subfulminant, 164
Hepatic fibrosis, ecstasy-induced, 244
Hepatitis
with disseminated cryptococcosis, 57
drug-induced, 54
with overt jaundice in measles, 345
Hepatitis A, transverse myelitis heralding, 262
Hepatitis B virus
in hepatocellular carcinoma, 220
polyarteritis nodosa with, 263
Hepatitis C virus
in hepatocellular carcinoma, 220
interferon dose in, 42
lymphoblastoid interferon treatment of, 346
Hepatocellular carcinoma, 248
hepatitis viruses as risk factors for, 220
synchronous multicentric development of, 300
Hepatorenal syndrome, after transjugular intrahepatic portosystemic shunt, 241
Hidradenitis suppurativa, in Crohn's disease, 151
Histamine-2 receptor antagonist
for reflux esophagitis, 192
in subfulminant hepatic failure, 164
HIV infection, pancreatitis and pancreatic pseudocyst in, 261
Hookworm infection, massive intestinal bleeding with, 348
Hydatid cyst, in pancreatic head, 136
Hyponatremia, with IV vasopressin therapy, 266
Hyposplenism, with celiac sprue, 113

Ileal stenosis, posttraumatic, 338
Immunohistochemistry, of common bile duct gastrinoma, 321
Immunology, celiac sprue, 17
Incontinence, in elderly, 61
Indomethacin, acid secretion and, 131
Infarcted celiac ganglia, Ogilvie's syndrome from, 157
Inflammatory bowel disease
antibiotics for, 310
in Ashkenazi and Sepharadi Jews, 82
in Crohn's disease, 151
serum interleukin-6 in, 123
In situ hybridization, detecting Epstein–Barr virus–associated gastric carcinoma, 253
Interferon
dose in hepatitis C, 42
lymphoblastoid, 346
Interferon alpha, for hepatitis B virus–associated polyarteritis nodosa, 263
Interleukin-6, in inflammatory bowel disease, 123
Intestinal bleeding, massive, with hookworm infection, 348
Intragastric fermentation, with gastroparesis diabeticorum, 79
Ischemia, after PTA of arterial occlusion, 86

Jaundice, obstructive
acute, 259
in acute measles, 345
with cholesterol bile duct stones, 296
hydatid cyst in head of pancreas and, 136
Jejunoileal bypass, lactic acidosis with, 154

Lactic acidosis, with jejunoileal bypass, 154
Laparoscopy, for multiple liver abscesses, 307
Lichen planus
esophageal, 145
during lymphoblastoid interferon treatment, 346
Lipids, serum, in primary sclerosing cholangitis, 215
Liver
abnormalities with celiac sprue, 290
cyst of, 347
ecstasy-induced fibrosis of, 244
involvement with disseminated cryptococcosis, 57
multiple abscesses of, 307
multiple angiomyolipoma of, 248
partial nodular transformation of, 71
Liver failure
fatal, due to prolonged amiodarone treatment, 265
nizatidine-induced, 164
nortriptyline-induced, 54
Lymph node metastasis, of early stage carcinoma, 325
Lymphangioma, abdominal, 142
Lymphoma
of gastric stump, 147
primary gastric, 45
primary malignant common bile duct, 259

Macroamylasemia, celiac sprue and, 304
Malabsorption, macroamylasemia and, 304
Measles, hepatitis with overt jaundice in, 345
Mediastinal fibrosis, in esophageal stricture, 331
Mesenteric artery, occluded, 86
Mesenteric ischemia, due to occluded superior mesenteric artery, 86
3,4-Methylenedioxymetamphetamine, liver fibrosis and, 244
Misoprostol, effect on acid secretion, 131
Mucosa-associated lymphoid tissue (MALT), 147
Myelitis, transverse, in hepatitis A, 262
Myotomy, for achalasia, 6

Nizatidine, in subfulminant hepatic failure, 164
Nonsteroidal antiinflammatory drugs
acid secretion and, 131
associated with gastric outlet obstruction, 196
Nortriptyline, fulminant hepatic failure and, 54

Ogilvie's syndrome, from disseminated Varicella–Zoster infection and infarcted celiac ganglia, 157
OMED endoscopic terminology, 92
Omeprazole, in *H. pylori* eradication, 12

p53 gene, in detecting GI tumor mutations, 272
Pain
in alcoholic chronic pancreatitis, 37
in chronic pancreatitis, 4, 33
Pancreas
cystic neoplasm of, abdominal lymphangioma masquerading as, 142
evaluation of cysts of, 94
hydatid cyst in head of, 136
Pancreatic pseudocyst
choledochal cyst mimicking, 139
in HIV infection, 261
Pancreatitis
abstinence in, 37
alcohol in, 4
botulinum toxin A for, 343

choledochal cyst and, 139
cysts in, 94
drinking habits and pain in, 33
in HIV infection, 261
tuberculous, 237
Pantoprazole, for reflux esophagitis, 192
Peptic ulcer
indomethacin therapy for, 131
patterns of in arctic Norway, 100
seasonal variation in, 254
vagotomy and gastrectomy for, 2
Peptide hormones, indomethacin therapy and, 131
Percutaneous celiac plexus block, with botulinum toxin A, 343
Percutaneous transluminal angioplasty, of occluded superior mesenteric artery, 86
Perianal disease, Crohn's Disease Activity Index and, 27
Peru, *Helicobacter pylori*-associated gastritis in, 335
pH monitoring, esophageal, 6
Phytobezoar, pure vegetable matter, 176
Pneumatic dilation
for achalasia, 6
in iatrogenic achalasia, 96
Pneumococcal sepsis, with celiac sprue, 113
Pneumococcal vaccine, response to in celiac sprue, 113
Polyarteritis nodosa, hepatitis B virus–associated, 263
Polymerase chain reaction technique
detecting Epstein–Barr virus–associated gastric carcinoma, 253
in detecting GI tumor mutations, 272
in detecting hepatitis C virus RNA, 220
Polyps
colonic, 341
rational approach to, 317
Portal hypertension, in portal vein thrombosis, 71
Portal vein thrombosis, partial nodular transformation of liver with, 71
Proctitis, after hot-water enema, 80
Prostaglandins, in acid secretion regulation, 131
Ptyalism, bile, 49
Pyloric obstruction, NSAIDs associated with, 196

Radiography
misleading, in hepatic cyst, 347
in recognizing Helicobacter pylori gastritis, 199
Radiology, dynamic abdominal, 179
Ranitidine
in *H. pylori* eradication, 12
for reflux esophagitis, 192
Ras gene, in detecting GI tumor mutations, 272
Rectum, surgery of, 179
Reflux esophagitis, pantoprazole vs. ranitidine for, 192
Retropneumoperitoneum, benign vomiting-induced, 88
Retrospective cohort study, of duodenal ulcer, 104
Risk factors
for duodenal ulcer, 104
for hepatocellular carcinoma, 220

Scandinavia, peptic ulcer patterns in, 100
Secretin, in acid secretion regulation, 131
Sigmoidoscopy, for small polyps, 317
Single strand conformation polymorphism, in detecting GI tumor mutations, 272
Sjogren's syndrome, with antimitochondrial antibody-negative biliary cirrhosis, 268
Small bowel, adenocarcinoma of, 233
Soccer players, colonic transit time in, 211
Sputum, bile-stained, 49
Steatohepatitis, nonalcoholic, 127
Stomach
Epstein–Barr virus–associated carcinoma of, 253
lymph node metastasis of early stage carcinoma of, 325
pH of with enteral tube feeding, 293
Strip biopsy
in duodenal carcinoid, 168
of esophageal submucosal tumor, 77
Surgery, of anus, rectum and colon, 179
Sydney system, in gastritis diagnosis, 92

Thyroid, metastatic papillary carcinoma of, 333
Tobacco smoking, as hepatocellular carcinoma risk factor, 220
Transjugular intrahepatic portosystemic shunt, hepatorenal syndrome resolution after, 241
Tricyclic antidepressants, fulminant hepatic failure and, 54
Triple therapy, in *H. pylori* eradication, 12
Tuberculosis
gastrointestinal, 225
pancreatic, 237
Tumor
biopsy materials to detect mutations in, 272
hepatic, 248
Typhoid fever, acalculous cholecystitis complicated by empyema in, 344

Ulcer. *See* Duodenal ulcer; Gastric ulcer; Gastroduodenal ulcer; Peptic ulcer
Ulcerative colitis
5-aminosalicylic acid enema for, 257
current medical therapy for, 280
maintenance therapy in, 117
serum interleukin-6 in, 123
steroid refractory attacks of, 285
Ultrasonography, endoscopic, 77

Vagotomy, for gastroduodenal ulcer, 2
Varicella–Zoster infection
Ogilvie's syndrome from, 157
Varices
colonic, 341
hemorrhagic, hyponatremia and bradycardia associated with vasopressin treatment of, 266
Vascular anomalies, in colonic polyps or varices, 341
Vasopressin, hyponatremia and bradycardia associated with, 266
Vitamin, fat-soluble, in primary sclerosing cholangitis, 215
Vomiting, benign retropneumoperitoneum induced by, 88

Waldenström's macroglobulinemia, duodenal involvement in, 174
